Experts nominated by the Programme Operator shall review the applications for compliance with administrative and eligibility criteria. Applicants whose applications are rejected at this stage shall be informed and given a reasonable time to appeal that decision.

Each application that meets the administrative and eligibility criteria shall be reviewed by two impartial experts appointed by the Programme Operator, at least one of which shall be independent of the

For the purposes of ranking the projects, the average of the scores awarded by the experts shall be used. If the difference between the scores given by the two experts is more than 20% of the higher score, a third expert, who shall be impartial and independent of the Programme Operator and the Selection Committee, shall be commissioned by the Programme Operator to score the project independently. In such cases, the average score of the two closest scores shall be used for the ranking of the projects.

The Programme Operator shall establish a Selection Committee. The Selection Committee shall consist of a Chairman and a secretary – representatives of the Programme Operator – without voting rights, and at least five voting members, including representatives of the Programme Operator, the DPP and the IPO. At least one of the voting members shall be external to the Programme Operator and its Partners. The justification for modifications shall be detailed in the minutes of the meeting of the Selection Committee. The minutes shall be signed by all members of the Selection Committee. The Chairman of the Selection Committee shall submit a report, including the list of the recommended projects, together with a reserve list and the list of rejected project proposals and the reason for their rejection, to the Programme Operator.

The Programme Operator shall verify that the selection process has been conducted in accordance with the Regulation and that the recommendations from the Selection Committee comply with the rules and objectives of the programme. Following such verification, the Programme Operator shall, based on the decision of the Selection Committee, make a decision on which projects shall be supported. The Programme Operator may return the report to the Selection Committee requesting a repetition of the selection process in case of a violation of the procedure that can be remedied or not approve the report when there has been a serious violation of the procedure. The Programme Operator may modify the decision of the Selection Committee in justified cases.

If the modification of the ranking of the projects by the Selection Committee results in a project's rejection, or if the Programme Operator modifies the decision of the Selection Committee, the Programme Operator shall inform the applicants affected and provide them with a justification for the modification.

The process set out in this Article shall apply to all calls for project proposals, including the SGS, under this programme.
