**Conditions**

**General**

The National Focal Point shall ensure that the Programme Operator ensures that an ex ante control of public procurement procedures and documentation carried out for the pre-defined project under section 5.1 of Annex II to the Programme Agreement, is carried out by a competent independent entity, other than the respective project promoter.

The maximum level of funding available for infrastructure (hard measures) from the total eligible expenditure of the programme area “Roma Inclusion and Empowerment” shall be 20%.

The maximum level of funding available for infrastructure (hard measures) from the total eligible expenditure of the programme area “Domestic and Gender-based Violence” shall be 17%.

For Outcome 2 indicator “Share of young persons with concern for human rights and equality,” where the baseline value is “to be determined” (TBD), the Programme Operator shall submit to the FMO for approval the baseline value, together with a description of the data collection method used, no later than 6 months after entering into project contract with PDP No 4.

For the following Outcome 3 indicators, where the baseline value is “to be determined” (TBD), the Programme Operator shall submit to the FMO for approval the baseline value, together with a description of the data collection method used, no later than 12 months after entering into this Programme Agreement:

- Annual number of cases of domestic and gender-based violence officially reported (in the target regions)
- Level of satisfaction (by the Committee for the Prevention of DGBV) with the quality of services provided to victims of domestic and gender-based violence

The National Focal Point’s responsibilities regarding continuous structured risk assessment described in Article 5.3.3 of the Regulation, and the regular monitoring of the Programme described in Article 5.3.4 of the Regulation shall be externalised and be carried out by a legal entity independent of and unrelated to the National Focal Point as further described in the description of management and control systems in accordance with Article 5.7.1 of the Regulation. The National Focal Point shall inform the NMFA on the selection of the entity. The methodology followed by this entity shall be developed in cooperation with the National Focal Point. The methodology shall be submitted to the NMFA for review.

The National Focal Point shall ensure that the Programme Operator ensures that Project Promoters:

- Keep any buildings purchased, constructed, renovated or reconstructed under the project in their ownership for a period of at least 5 years following the completion of the project and continue to use such buildings for the benefit of the overall objectives of the project for the same period;
- Keep any buildings purchased, constructed, renovated or reconstructed under the project properly insured against losses such as fire, theft and other normally insurable incidents both during project implementation and for at least 5 years following the completion of the project; and
- Set aside appropriate resources for the maintenance of any buildings purchased, constructed, renovated or reconstructed under the project for at least 5 years following the completion of the project. The specific means for implementation of this obligation shall be specified in the project contract.
