1. Introduction to Bilateral Initiatives

The purpose of this manual is to support the National Focal Points (NFPs), Programme Operators (POs) and Fund Operators (FOs) to draft, submit and review Bilateral Initiatives information in GrACE. For general information about bilateral cooperation, please refer to the Bilateral Guideline¹.

Bilateral Initiatives are all the activities performed at national or programme level that are funded from the Bilateral Funds (BFs). The Bilateral Initiatives budget is separate from the budget for programmes and projects.

A different set of rules applies to the Bilateral Initiatives, and therefore they are monitored and registered separately.

Both the EEA Grants and the Norway Grants finance the Bilateral Initiatives except those for Portugal and Greece, which are financed by the EEA Grants only.

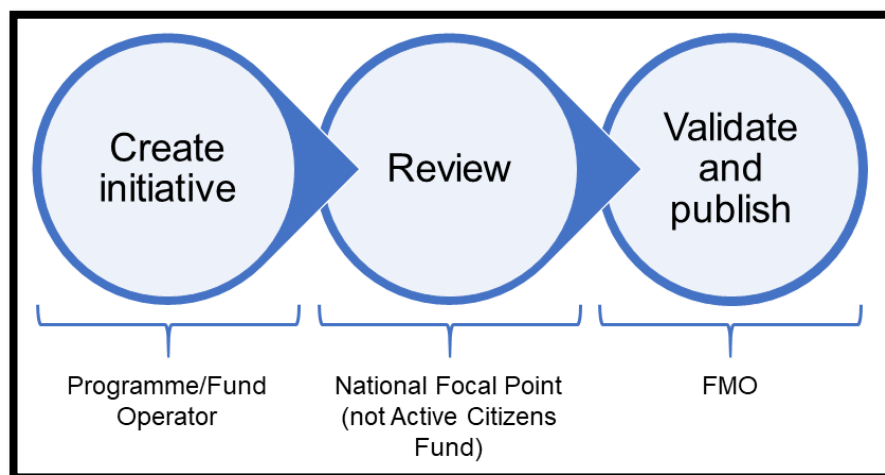

Bilateral Initiatives dates of importance:

- Upon launch of an initiative, submit information in GrACE no later than the Interim Financial Report (IFR) for the respective Bilateral Fund, i.e., by 15th March or 15th September. Preferably, however, as soon as the initiative is contracted.
- Upon completion/termination of the initiative, submit the information within 4 weeks after the activity has ceased or the final report has been approved.

When the FMO has received the information, it will be reviewed and validated for publishing on eeagrants.org.

For further help and support, please contact grace.support@efta.int. This user manual and other manuals can be found at our website <https://eeagrants.org/gracemanuals>, be sure to check in sometimes for updated versions.

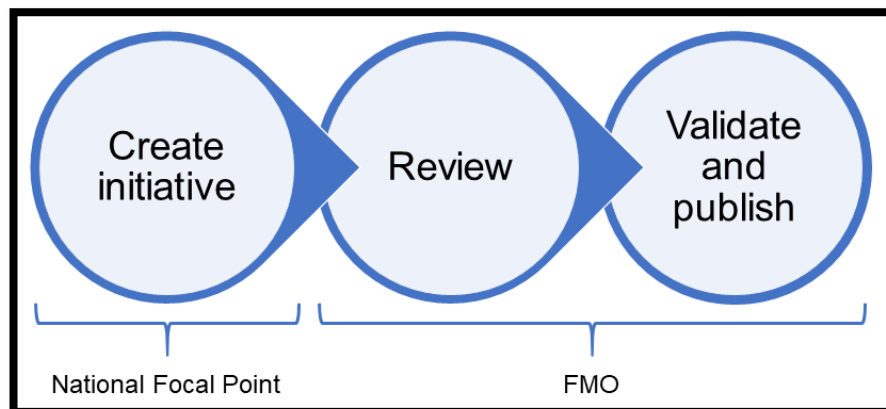

For Programme Operators and Fund Operators

Bilateral Initiatives at programme level from the Bilateral Fund are reported by the PO, then reviewed by the NFP. This also applies to directly contracted programmes. The exception is the Active Citizens Fund (ACF) where the FO reports directly to the FMO. The FMO validates and publishes the initiatives on eeagrants.org. If the FMO returns the initiative for corrections, it goes to the NFP, except for ACF in which case it goes to the FO.

¹ <https://eeagrants.org/resources/2014-2021-bilateral-guideline>

For National Focal Points

Bilateral Initiatives at country level, from the Bilateral Fund, are reported by the NFP and sent to the FMO for validation and publication on eeagrants.org.

2. Bilateral calls in GrACE

For information on how to submit, update and view Bilateral Calls in GrACE, please see the separate Bilateral section in the user manual for calls. You can find this on our website <https://eeagrants.org/gracemanuals>.

When a call has ended and the selection process is done, this results in a Bilateral Initiative.

Regarding the €3000 threshold

The 3000 EUR threshold is intended to reduce the administrative burden on POs/NFPs.

Depending on the nature of the initiative(s), there are three options:

1. Not to report on an initiative separately, notably if it is a very small activity, such as one flight ticket under a travel grant scheme.
2. If possible and if it makes sense, we encourage you to report on related initiatives jointly, i.e., cover several related initiatives in one GrACE entry. This could be the case, e.g., for a travel grant scheme supporting several trips, each of them below 3,000 EUR. In this case, they can be included in one GrACE entry, and the description can mention e.g., the number of supported trips and possibly the list of partners. Similarly, if several small activities are part of a series of joint actions involving the same partners, they can be combined in one GrACE entry.
3. Use rounded figures. Indeed, the Bilateral Initiatives reporting is not formal financial reporting, unlike the IFR, but serves the purpose of having an overview of the use of BF. Thus, an initiative using e.g., 2,800 EUR can be reported on as 3,000 EUR. In the description field, or later in the second part of the template, it is possible to add a mention that the actual used amount was 2,800 EUR. Such discrepancies will not cause any problems at the level of the Bilateral Initiative entries in GrACE.

3. Create a new Bilateral Initiative

As a user from Programme/Fund Operator organisations, you can create a new Bilateral Initiative. The process starts from the Bilateral Initiatives link in your programme:

1. Enter your programme from the main menu dashboard under **My programmes**
2. Once in the programme, click the **Bilateral Initiatives** (1) link under Modalities in the Programme
3. To create a new Bilateral Initiative, click on the button **Create new** (2)

The screenshot shows the GRACE system interface. At the top, there's a search bar and a user profile icon. The main content area is divided into several tabs: 'Legal Framework & Contacts', 'Finance', 'Modalities', 'Results & Reports', and 'Documents'. The 'Modalities' tab is selected, and within it, the 'Bilateral Initiatives' link is highlighted with a red circle and the number 1. Below this, there's a section titled 'Bilateral Initiatives' with a 'Create new' button highlighted with a red circle and the number 2. The bottom part of the interface shows a table with columns for 'Title of initiative', 'Promoter', 'Partners', 'Grant awarded from Bilateral Fund', 'Total grant amount incurred', 'Planned implementation start', 'Planned implementation end', 'Bilateral initiative code', 'Call', 'Project', 'Status', and 'Date of last modification'.

4. Step 1 Upon launch of the initiative

The system will open the form to insert the information for the initiatives. The information is classified in sections, please see illustrations below. Each section can be expanded or collapsed using the buttons “+” or “-”.

First, fill in the title of the initiative (1). Next, fill in the following sections (2). When the mandatory information is filled in, you can **Save** (3) and **Edit** later. Saving does not submit the information to the NFP/FMO. Step 1 can be edited as many times as needed and will stay in status **Draft** until you **Submit** it. Submission is done by clicking **Submit** (not shown in the picture below). The yellow warning boxes tell you which fields are required for submission.

NB: New from April 2022 are mandatory fields under the Initiative details concerning the Russian invasion of Ukraine. If you hover over the text, a tooltip will display.

The screenshot shows the 'Step 1 Upon launch of the initiative' form. The form is divided into several sections. The first section is 'To which Programme Area under the EEA/Norway Grants is it related?' with a dropdown menu showing 'PA01 Business Development, Innovation and SMEs'. The second section is 'Implementation period from' and 'to' with date pickers. The third section is 'Grant awarded from Bilateral Fund' with a currency selector and an input field. The fourth section is 'Is this initiative related to dealing with the consequences of the Russian invasion?' with a dropdown menu. The fifth section is '* Amount earmarked for dealing with the consequences of the Russian invasion' with a currency selector and an input field. The sixth section is 'Website of Promoter/Beneficiary (if available with information on specific activity)' with a text input field. Red arrows point to the dropdown menu in the fourth section and the input field in the fifth section.

The screenshot shows the 'Create Bilateral Initiative' form. It includes a title field (annotated with a red circle 1), a step indicator 'Step 1 Upon launch of the initiative' (annotated with a red circle 2), and various input fields for programme area, grant amount, implementation period, website, promoter, type of initiative, selection method, and related projects. At the bottom, there is a 'Partners' table and a description field. A red circle 3 is placed over the 'Save' button.

- *To which Programme Area under the EEA/Norway Grants is it related:* Select the Area from the drop-down list.
- *Grant awarded from Bilateral Fund:* What is the grant amount from the Bilateral Fund?
- *Implementation period from – to:* When is the implementation period, from when to when?
- *Website of Promoter/Beneficiary (if available with information on specific activity):* if there is a website for the Promoter/Beneficiary covering this initiative or activity within the initiative.
- *Promoter:* Select the Promoter from previously registered organisations. You can start typing in this field, to search. Please check different spellings and names before creating new organisations, to avoid duplicate organisations in the system.
- *Type of initiative:* What is the type of the initiative? The list contains a selection of commonly used types, but you are also free to select “Other” in which you will see a box to describe the initiative type. You can select several if needed.
- *Was the initiative selected through an open call?* If yes, please select the call from the list as shown in the illustration below. This list is populated by calls that share the same programme area as you just selected for this Bilateral Initiative.
- *Related to a specific project financed by the EEA/Norway Grants?* If the initiative is related to a specific project, please select it from the list of your previously registered programme Project Level Information (PLIs), as shown in the illustration below.

Was the Initiative selected through open call?
Yes 

* Open Call
Select  This field is required.

Related to a specific project financed by EEA/Norway Grants?
Yes

* Specific Project
Select
N-0003 Greener Furniture for Greener Future
N-0004 Introduction of innovative and green, eco-friendly re-treading production of tires
N-0005 the big impact of going small
N-0006 GalN (Green Irrigation)
N-0007 Blue Goes Green
N-0008 Investment for green industry

- In the section named **Partners**, please provide information about partners if applicable. Select the country, write the English name of the organisation, and select a suitable classification.
- Has there been previous cooperation between the partners or is the partnership new?*
- Brief description of the initiative (aims, expected bilateral benefits and planned activities):* This should not be too technical, detailed, or lengthy, but rather a short description. Also, please ensure to include some words about the aims, the bilateral benefits, and the planned activities.

Select		Government (Public Sector)

Has there been previous cooperation between the partners or is the partnership new?
New

Brief description of the initiative (aims, expected bilateral benefits and planned activities)
This is a initiative for bilingual training and cultural study among students. The aim is for students in country A to exchange emails, use video calls and finally to visit the students in country B and vice versa. The expected benefits is to create ties between the countries, encourage cultural understanding and create interest in learning the other country's language and culture. The long-term benefit from this might be future ties between businesses as the students become employees and business owners.

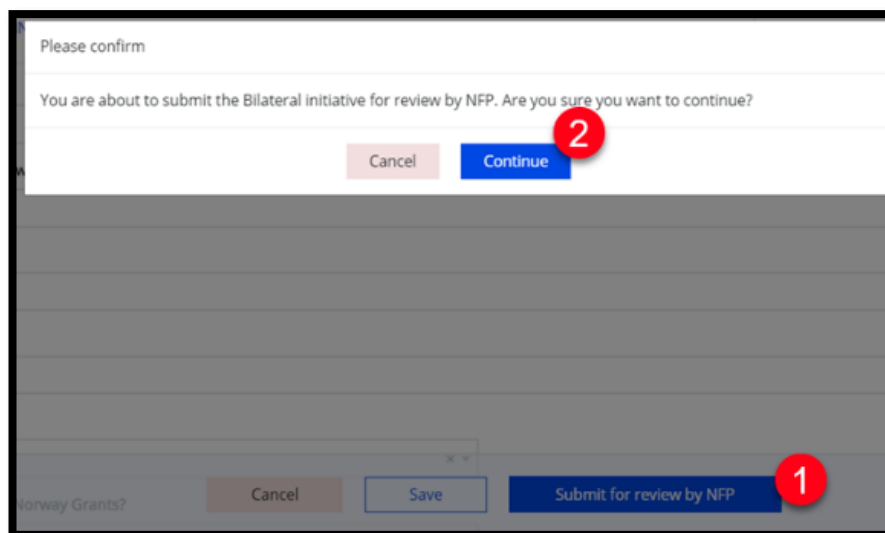

Step 1 can be edited as many times as you want, and it will stay in status **Draft** until you **Submit** it.

Bilateral Initiative: I-BI001 Draft

Events

When ready to submit the information, click **Submit for review by [NFP/FMO]** (1) button next to the Save button. You will receive a confirmation pop-up similar to this picture – click **Continue** (2).

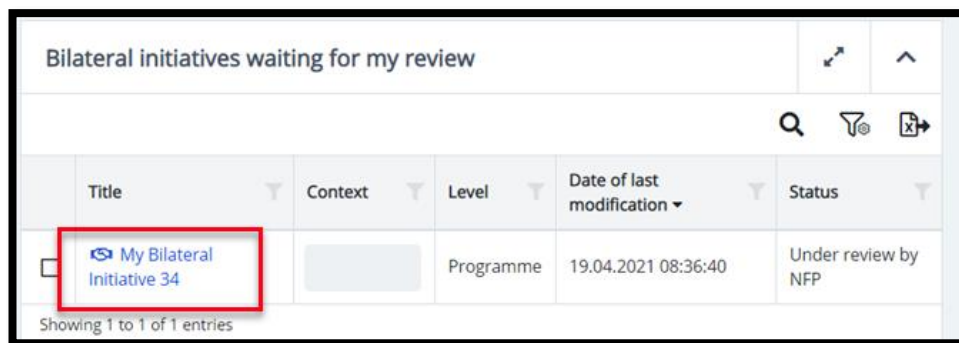

The status of the Bilateral Initiative changes to **Under review by [NFP/FMO]** and you can no longer Edit.

During the review, the NFP or FMO (depending on the type or programme) can add and amend the details before publishing the initiative. They can also send it back for further details or corrections, please see the next chapter for information on how to update and make corrections.

5. Review Bilateral Initiatives (NFP)

As the NFP, you will receive initiatives for review before publishing, except for ACF initiatives. When you log in you will find the **Bilateral initiatives waiting for my review** on your dashboard. Click on the title of the initiative to open the task.

In your reviewer role, you have the possibility to edit the initiative by clicking **Edit**. You can then either return the initiatives for corrections (see instructions below) or send it to the FMO for review. Please see instructions for both options below.

5.1. Return for correction

If further information or corrections are needed, the reviewer can send the initiative back to the PO/FO with comments. Click on **Return for corrections** (1) and **Continue** (2).

Please confirm

You are about to return the Bilateral initiative to PO/FO for corrections. Are you sure you want to continue?

Events

Submit for review by FMO Return for corrections 1

Enter a comment for the correction needed (3) and click **OK** (4). Please provide a thorough description about the correction requested.

Request for correction

Please, enter the comment for correction

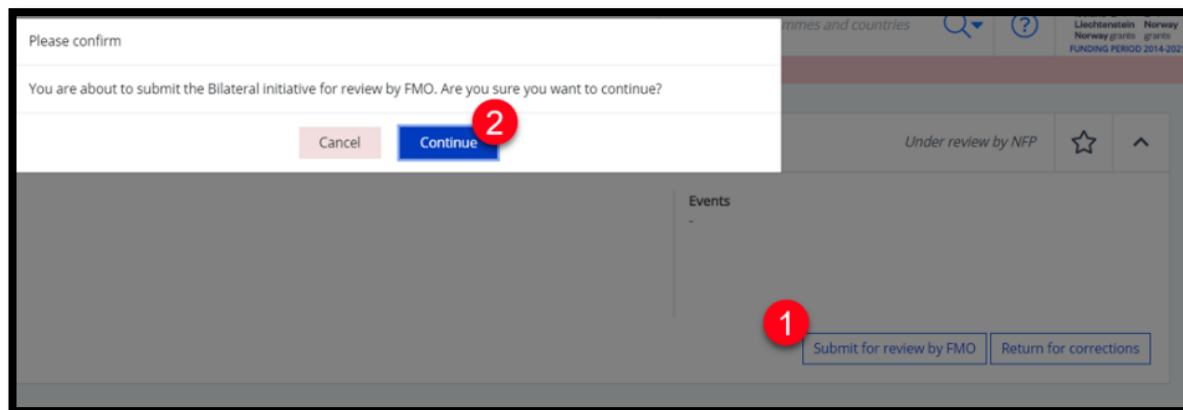

* Comment

Please could you update the description to include the planned number of classes from your school? 3

Cancel OK 4

5.2. Submit for review by FMO

When the Bilateral Initiative is ready to be published, you can click the **Submit for review by FMO** button in the task (1) and then **Continue** (2).

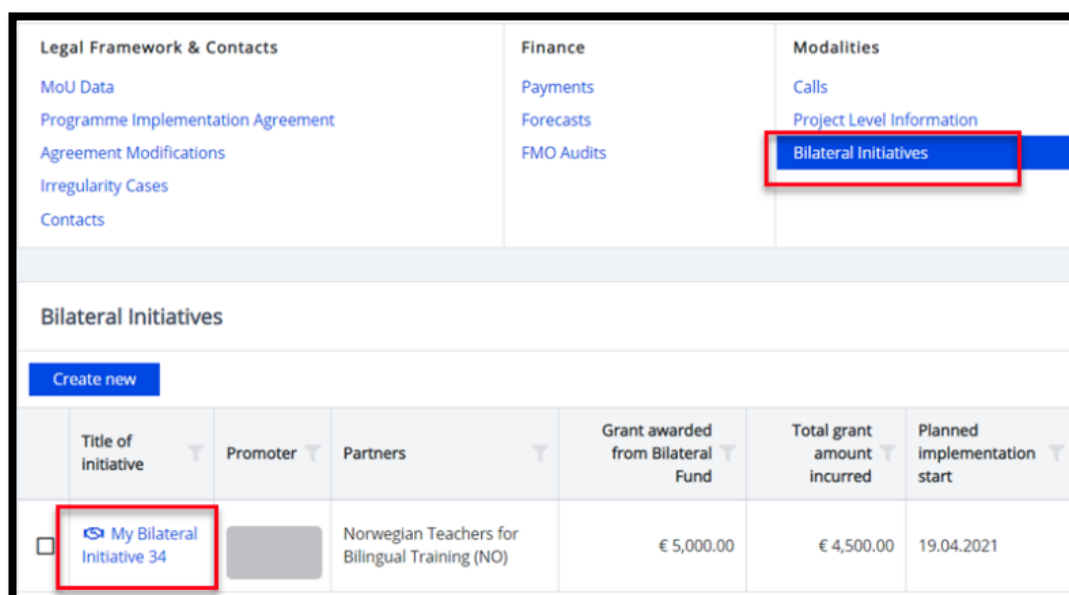

The initiative now shows the status **Under review by FMO**.

6. Update the Bilateral Initiative

There are two ways for an update to start – either the PO/FO can initiate it themselves, or the FMO can ask for an update. The NFP can ask for updates for non-directly contracted initiatives on programme level.

If the initiative has already been published on eeagrants.org, and you want to update the information, you have the option to **Initiate update** from inside the initiative. Please be aware that this will require to send the initiative for review once more so only use this to make corrections to previously submitted information. **Note:** If you want to register the *completion* details of the Bilateral Initiative, select **Initiate completion** and not Initiate update.

6.1. For the PO/FO:

To start the update and the review process, click **Initiate update** (1), provide a comment (2) and click **OK** (3). The initiative will be set to status **Draft** again and the fields can be updated.

6.2. For the NFP:

The NFP can either update the initiative themselves, send it to the FMO for validation and re-publishing, or send it to the PO/FO for updates. First, open the initiative and click **Initiate update** (1) then **Continue** (2).

The screenshot shows the 'Bilateral Initiative' page for initiative BI001. A confirmation dialog is open with the text: 'Please confirm. This action will return the Bilateral initiative to a previous status allowing to change the submitted information. Please note it will then require to resubmit the Bilateral initiative for review and validation. Please do this only if you want to apply corrections to information already submitted. Are you sure you want to continue?'. The 'Continue' button is highlighted with a red circle and the number 2. The 'Initiate update' button is highlighted with a red circle and the number 1.

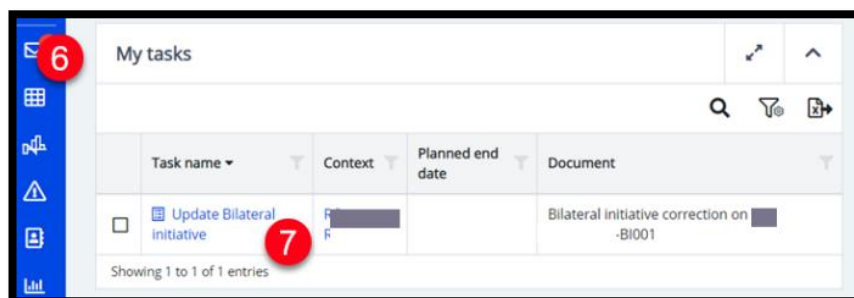

Give a reason for the request for correction (3) and click **OK** (4).

The screenshot shows the 'Request for correction' dialog. It prompts the user to 'Please, enter the comment for correction'. The 'Comment' field is highlighted with a red circle and the number 3. The 'OK' button is highlighted with a red circle and the number 4.

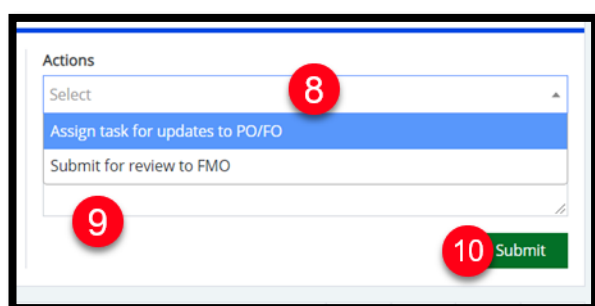

If you wish to edit the initiative, click **Edit** (5). Otherwise, if you want to send it directly back to the PO/FO to allow them to update, skip to step 6.

The screenshot shows the 'Details' page for the initiative. The 'Edit' button is highlighted with a red circle and the number 5.

Open your dashboard (6) and open the task by clicking on the name (7).

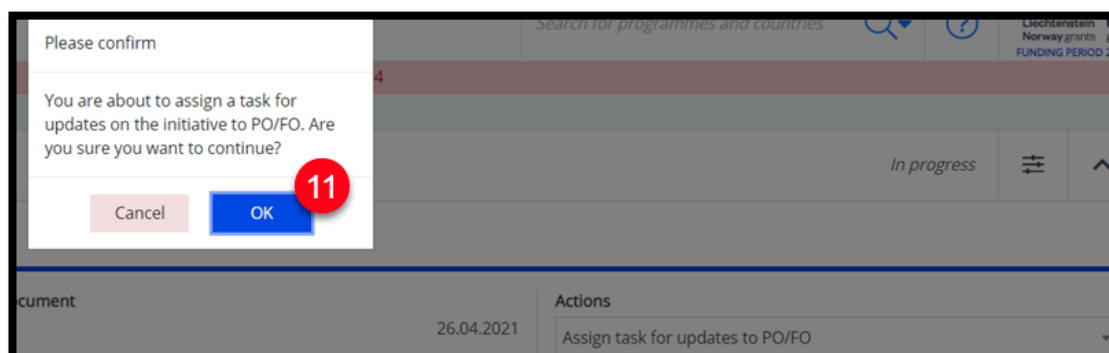

Once the task has opened, click on the **Actions** drop-down menu, and select either **Assign task for updates to PO/FO** or **Submit for review to FMO** (8). Provide a **Comment** (9) and click **Submit** (10).

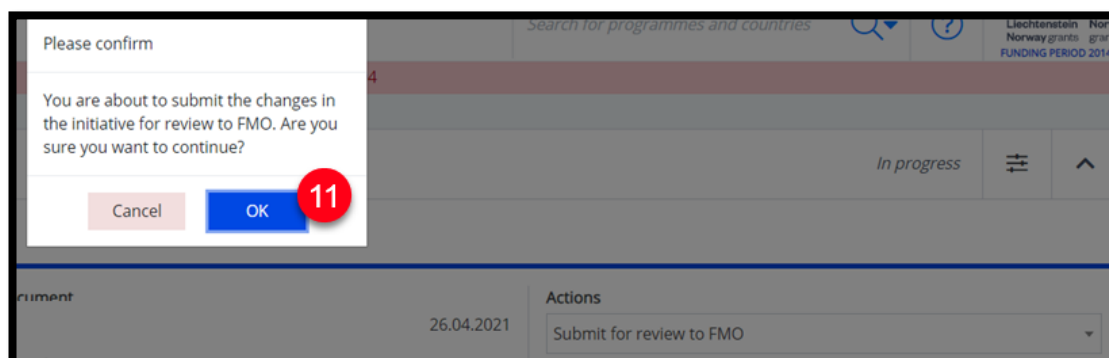

Depending on your selection, you get a confirmation box for the choice you made. Click **OK** (11) to continue.

If you chose **Assign task for updates to PO/FO** they will now receive it as a task and can follow the instructions earlier in this chapter to update the initiative.

If you chose **Submit for review to FMO** the FMO will receive it and republish it on eeagrants.org when validated.

7. Step 2 Upon completion (or termination) of initiative

When the initiative is finished, either by completion or termination, the FO/PO can send it for completion. Open the initiative from the **Bilateral Initiatives** link under Modalities in the Programme page. Click on the title of the initiative to open it.

The initiative will become change status to **Draft Completion** (A). You can click **Edit** and amend **Step 2 Upon completion (or termination) or termination of initiative** (B). The yellow warning boxes will let you know which fields are mandatory for submission.

You can include **Comments** (C) by clicking on the button **Add comment**. In this box, it is useful if you comment on the achievements of the aims, bilateral benefits, and activities. In this section you can also explain any deviations from the approved initiative. Furthermore, you can include in the comments any relevant information that does not fit the structured format, including information about “rounding up” of budgets for small initiatives or joint submission of several small initiatives.

You can **Save** and come back to this section as many times as you want. When ready for submission, click **Submit for review by [NFP/FMO]** (D).
