12 of which shall be Norwegian OTs, who will not be gainfully employed in Malta

2Baseline to be determined once localities are selected following call for project proposals

3Since the scheme is based on a bottom-up approach, the initiatives will be based on the aspirations of the residents living in the urban areas as highlighted in the same regional economic, social and cultural community plans. Hence the concept note cannot be more specific about the results of these outputs at this point in time. Notwithstanding, the grant schemes will address the social, educational and environmental needs of these vulnerable individuals in the urban areas.

4The baseline will be determined by the first survey

Operational rules (Annex II)

1. Programme summary
This Annex sets out the operational rules for the programme. The programme agreement is based on the MoUs, the concept note and comments made by the Donors. Commitments, statements and guarantees, explicit as well as implicit, made in the concept note, are binding for the National Focal Point and the Programme Operator unless otherwise explicitly stipulated in the annexes to this programme agreement.

The Programme Operator is the Bilateral and Funds Unit within the Funds and Programmes Division in the Office of the Parliamentary Secretariat for European Funds and Social Dialogue within the Ministry for European Affairs and Equality.

The programme objective “Strengthened social and economic cohesion” shall be attained through four outcomes:

- **Outcome 1:** “Improved access to and quality of health services in Malta” shall be supported through one pre-defined project “Reduction in social inequalities in health and the burden of disease” (PDP1).
- **Outcome 2:** “Improved well-being of vulnerable children and youths” shall be supported through one pre-defined project “Opportunity Knocks (OK)” (PDP2).
- **Outcome 3** “Improved quality of life of deprived communities in urban localities” shall be supported through one pre-defined project “Training of Local Council Staff in Principles of Good Governance, Transparency and Accountability” (PDP3) and one small grant scheme (SGS).
- **Outcome 4** “Cultural Heritage Management enhanced” shall be supported through one pre-defined project “The Malta Maritime Museum: local development through cultural heritage” (PDP4).

2. Eligibility
2.1 Eligible applicants:
The rules on eligibility of applicants are set in Article 7.2 of the Regulation.

In accordance with Article 7.2.4, the following entities shall be eligible applicants (project promoters) in the small grant schemes (SGS):

- Local councils considered as urban localities[1]

In accordance with Article 7.2.4, the following entities shall be eligible as project partners in the small grant scheme (SGS):

- Any public or private entity, commercial or non-commercial as well as non-governmental organisation established as a legal person in Malta.

[1] The Rural Development Programme for Malta 2014-2020 gives a definition of “Rural Areas” and lists the localities considered as such. In the absence of any such definition for “Urban Areas”, any remaining locality in Malta, as established by the Local Councils Act: Chapter 363 of the Laws of Malta (Tenth Schedule – Article 72) is by elimination considered an ‘urban locality’.
2.2 **Special rules on eligibility of costs:**
Costs are eligible in accordance with chapter 8 of the Regulation.

3. **Bilateral relations**

3.1 **Bilateral relations**
The programme shall contribute to strengthening bilateral relations between Malta and the Donor States.

The programme shall contribute to the development of bilateral relations between Malta and the Donor States under each of the four programme outcomes and pre-defined projects. Additional funding requests may be addressed to the Joint Committee for Bilateral Funds.

4. **Selection of projects and financial parameters**

4.1 **Open calls and availability of funds (including number of calls, duration of calls, and estimated size):**

4.2 **Selection procedures:**
Project applications submitted under the calls for proposals for the small grant scheme shall be assessed in accordance with Article 7.4 of the Regulation.

The Local Government Division of the Ministry of Justice, Culture and Local Government – LGD (the project promoter of PDP 3) is designated to be the small grant scheme operator (SGS operator). A project management service provider (PM service) shall be engaged following a selection by public procurement to assist in the administrative and eligibility assessment as well as the evaluation of the project applications.

The SGS operator shall ensure that the PM service will ensure that all project applications are assessed by at least two experts. The experts shall independently and separately score the project application according to the evaluation criteria published in the call for proposals. The experts shall justify in writing the scores for each criterion they evaluate. For the purpose of ranking the projects applications, the average of the scores awarded by the experts shall be used. If the difference between the scores given by the two experts is more than 30% of the higher score, the project application shall be scored by a third expert. In this case the average score of the two closest scores shall be used for the ranking of the project applications.

The SGS operator shall appoint a projects stakeholder committee (PSC). The PSC will include a broad number of stakeholders besides the SGS Operator, including *inter alia* representatives of the Local Councils Association, Parliamentary Secretariat for Local Government and the Communities and the University of Malta. The Programme Operator / National Focal Point shall be invited as observer. KS (donor project partner in PDP 3) shall participate as a voting member.

The PSC shall review the ranked list of project applications. It may modify the ranking in justified cases based on transparent criteria. The PSC shall keep minutes of its meetings. The minutes of the meetings shall contain enough detail to demonstrate that the requirements of the Regulation and the Programme Agreement have been met.
The SGS operator shall verify that the selection process has been conducted in accordance with the Regulation and that the grant award decisions comply with the rules and objectives of the Programme. Following such verification, the SGS operator shall make a decision on which projects shall be supported on the basis of the ranking list approved by the PSC.

Both successful and unsuccessful applicants shall be informed of the outcome of their application in writing by the SGS operator.

4.3 Project grant rate:
Grants from the programme may be up to 85%[1] of total eligible expenditure of the project selected within the small grant schemes. The project grant rate shall in all cases be set at a level that complies with the State Aid rules in force and takes into account any and all other forms of public support granted to projects. Any remaining costs of the project shall be provided or obtained by the Project Promoter.

[1] The project grant rate however will be set at 100% in the open calls, as the Maltese Government will be providing the 15% co-financing outside the programme.
