If at this stage the Programme Operator detects any inconsistencies or obvious errors that can be remedied, the applicant shall be given 3 working days to do so, from the date of sending the notification letter by the Programme Operator. This will pause the 15 day reviewing period. Applicants whose applications are rejected at this stage have the right to appeal that decision to the Programme Operator. In case of a negative decision of the Programme Operator, that decision can be appealed further to the National Focal Point. In case of a positive decision by the Programme
Operator or the National Focal Point the application will be subject to an appraisal, otherwise the application goes no further.

Each application which meets the administrative and eligibility criteria shall be reviewed by the “Team for the Proposals Appraisal” composed of two experts appointed by the Programme Operator, who are different from those of the Selection Committee. The experts will separately score the projects according to the selection criteria and in accordance with the same procedure as described in paragraph 3 and 4 of Article 6.5 of the Regulation. Content-related appraisal of applications lasts 30 working days, in justified cases it may last up to 40 days. Applicants are informed of the results of this content-related review of the experts and have the right to appeal their decision to the Programme Operator and subsequently to the National Focal Point.

Based on the scoring of the “Team for the Proposals Appraisal”, the Programme Operator shall provide the Selection Committee with a list of the projects ranked from the highest number of points to the lowest. It shall at the same time provide the FMC and the NMFA with the complete ranked list in English.

The Selection Committee reviews the ranked list of projects and may modify the ranking in justified cases. The justification for the modifications shall be detailed in the minutes of the meeting of the Selection Committee. The Selection Committee consists of representatives of the Programme Operator, representatives of local government and social partners (representatives of non-governmental organisations from the cultural field). Representatives of the National Focal Point and the Donor States are invited to participate in the committee meetings as observers.

If the above modification results in a project’s rejection, the affected applicant shall be informed in writing about the justification for the modification. The Selection Committee shall submit the list of recommended projects to the Programme Operator. Apart from the basic list of recommended projects, the Committee may also indicate projects that should be on the reserve list. Finally the Programme Operator will inform the applicants of the results of the assessment and publish the approved ranking list on the Programme website.

The Programme Operator shall store all documents related to the selection procedures for at least three years following the approval of the final programme report from the FMC or the NMFA.

3.2 Open calls and availability of funds (including number of calls, duration of calls, and estimated size):

One call for proposals is planned. It shall be launched no later than in the third quarter of 2013 and shall be open for at least 2 months.

In case of an insufficient number of proposals or of an insufficient substantive value submitted in the main call, the Programme Operator can conduct a supplementary call or calls.

3.3 Selection criteria:

Detailed selection criteria will be discussed and approved by the Selection Committee and subsequently submitted to the FMO no later than two weeks before the open call along with the scoring chart.

The open calls and selection criteria shall inter alia reflect the principles of cultural diversity and intercultural dialogue, and take into account the multicultural history of Poland. The open call and selection criteria shall also reflect the principles of anti-discrimination and tolerance.

4. Payment flows, verification of payment claims, monitoring and reporting

4.1 Payment flows

Payments towards the end beneficiaries will be in the form of advance payments with the exception of the last tranche, which will be paid in the form of reimbursement of incurred expenditures based on approved final financial report.
The first advance payment shall be requested by the Project Promoter in the application form.

The total co-financing provided in the form of advances to the Beneficiary may not exceed 95% of the allocated grant amount. Each subsequent tranche will be paid based on statements by the Programme Operator regarding the proper disbursement, both substantively and financially of at least 70% of the previously transferred tranches.

4.2 Verification of payment claims

Payments to projects are made on the basis of approved interim/final reports.

Project Promoters shall submit interim/final reports no later than 10 working days after the end of a reporting period.

Verification and approval of interim/final reports will be conducted by the Programme Operator.

Verification and approval of interim/final reports will be based on information on financial status and projects progress contained in the reports, and on additional information to be submitted together with the report.

In case of verification of expenditure incurred by a donor project partner, a report by an independent and certified auditor, certifying that the claimed costs are incurred in accordance with the Regulation, the national law and accounting practices of the project partner’s country, shall be seen as sufficient proof of costs incurred.

In case of additional questions, the Programme Operator may ask the Project Promoter for further explanations/clarifications.

The procedure for verification of interim and final reports and deadlines for reporting as outlined in the programme proposal will further be detailed in the description of the Programme Operator’s management and control systems according to Article 4.8.2 of the Regulation.

4.3 Monitoring and reporting

Project Promoters shall be required to report on project progress and outputs in interim reports three times a year and at the end of the project in a final report.

The interim reporting periods are fixed and will cover January-April, May-August, September-December respectively.

On-the-spot checks will be conducted every year on a sample of projects selected on the basis of a risk analysis. The analysis takes into account the material and financial progress of a project, the time remaining to project completion, and the correctness of prepared reporting documentation.

On-the-spot checks of the projects at the completion stage will be obligatorily performed after the submission of the final report to the Programme Operator by the Project Promoter.

On-the-spot checks can also be conducted on an ad-hoc basis when considered necessary.

On-the-spot checks are carried out by the Programme Operator.

Information on reporting and monitoring will further be outlined in the description of the Programme’s management and control systems according to article 4.8.2 of the Regulation.

5. Additional mechanisms within the programme

5.1 Funds for bilateral relations
The Programme Operator has set aside 1.5% of the total Programme eligible costs for the needs of the fund for bilateral relations on programme level.

The fund will be used for:

a) Searching for project partners from the Donor States prior to or during the preparation of a project application and the preparation of the partnership project application (measure "a"):

- Approximately up to 25% of the allocation to the fund shall be spent under this measure.

b) Networking, exchange sharing and transfer of knowledge, technology, experience and best practices between Project Promoters and entities from the Donor States (measure "b"), including:

- €300,000 will be allocated to a bilateral initiative implemented in co-operation between the Norwegian Directorate for Cultural Heritage (RA) and the National Heritage Board of Poland regarding such issues as: heritage awareness, heritage plans for local communities and local authorities. A partnership agreement will be concluded between the parties.

- Funding will be set aside for activities that strengthen the cooperation between the Programme Operators and similar entities within the Beneficiary States and Donor States and exchange experiences and best practices related to the implementation of the Programme. This funding should also facilitate the participation of relevant stakeholders in events/seminars/activities (organized for example by the Council of Europe, the European Union Agency for Fundamental Rights and others) agreed with the Donors. Eligible costs are defined in Article 7.7 of the Regulation.

- Funding shall be set aside for at least one thematic conference of interest for European cultural heritage, possible including awareness, diversity and remembrance to take place during the programme implementation. Further details will be discussed and agreed between the Programme Operator and the Donors.

Apart from the €300,000 allocation to the bilateral initiative, the Programme Operator will develop a plan on the use of the fund and the fund set-up, i.e. the criteria for awarding support from the fund, the grant rate, the maximum grant amount, including the bilateral indicators. The plan should be consulted with the Norwegian Directorate for Cultural Heritage (RA) and subsequently submitted to the FMC and the NMFA for approval.

5.2 Complementary action
Not applicable.

5.3 Reserve for exchange rate losses
Contracts between the Programme Operator and the Project Promoters will be defined in PLN.

5.4 Small Grant Schemes
Not applicable.

6. Pre-defined projects
One pre-defined project will be carried out under the Programme:
Project name: Jewish Cultural Heritage
Project Promoter: Museum of the History of Polish Jews
Donor Project Partner: One or more of the following institutions: Falstad Centre, Holocaust Centre and/or Wergeland Centre in Norway.
Grant rate: 100%
Norwegian FM Grant amount: £3,000,000
Total estimated project costs: £3,000,000

Description: The project aims to document the history and culture of the Jews inhabiting the Polish lands for a thousand years and to disseminate that knowledge among audiences in Poland and from around the world to memorialise the heritage which is largely lost. The project is foreseen to possibly include one or more of the following components. The distribution between the various project components shall be further discussed and agreed with the Donors.

1) Museum on Wheels: Education and dissemination throughout Poland of knowledge on the subject of Jewish cultural heritage. A specially adapted coach will reach selected local communities (gmina level) around Poland with its multimedia exhibition that tells the story of the age-long coexistence between Polish and Jewish culture. A group of educators, students and historians will form the Museum on Wheels team, which will conduct workshops and museum lessons in local partner centres identified during the preparation phase. The programme provides for two-way communication: transfer of historical information on the Jews who formed the local community and expansion of available knowledge base through testimonies of its members; reminiscences and memorabilia.

2) Our History – My Genealogy: Development of genealogical research tools addressed primarily to young people in Poland and throughout the world; including development of educational applications for such tools. Target audiences: Children and teenagers aged 6-13; middle school and secondary school students; descendants of Polish Jews around the world; persons searching for knowledge about Jewish culture; persons with locomotion disabilities, who have problems with travelling, but have internet access; educators, scholars, researchers, students, documentalists – for them the easily searchable database will facilitate rapid retrieval of information relating to the history and culture of Polish Jews and genealogy.

3) The Faces of Diversity: Presentation of the culture and history of the Polish Jews in the wider context and process of relations built on the “us – them” differentiation; the functioning side by side of different ethnic, religious, social groups; the transfer of knowledge on the diverse behavioural mechanisms in minority-majority relations; making the audiences more sensitive to the multiple expressions of prejudice, stereotyping, etc. and thus contributing to the process of building intercultural dialogue. Target audiences: Secondary school students, university students and graduates, adults, users from Poland and outside of Poland.

4) Let’s Meet at the Museum – programmes for school students and teachers: The use of the Museum Ambassadors and the PASS (Polin Academy Summer Seminar) programmes for the purpose of developing a network of “multipliers” – professionals who are a natural educational resource for the Museum in Poland and abroad, and who through activity in their local and international communities would contribute to dissemination of knowledge and development of interest in the heritage of Polish Jews. The project will comprise a number of modules: activities addressed to primary, middle and secondary school students, including underprivileged children and teenagers, as well as teachers and educators in Poland and abroad. The offer will be promoted through printed leaflets and internet content.

5) History and Civic Education via Virtual Platforms: Development of education of history and of civic responsibilities relating to Jewish heritage through: the use of the new media; production of innovative teaching aids; dissemination of the open education model; and reducing barriers in access to knowledge. The global dimension of the project (ensured through the use of modern internet tools and dual language development in all of the planned platforms) will be that it will provide us with access to a very wide audience of users, in Poland and abroad. Target audiences: Children, young people at school age, university
students and graduates, teachers; a broad audience of users of Internet and mobile device users in Poland and abroad.

6) Neighbours – Witnesses. Oral History Project: Forming the younger generation’s sensitivity to cultural diversity and respect for witnesses of history by engaging young people in research of history and professional workshop training courses. Educate through scientific research activities and develop unique documentation of the heritage of the Polish Jews as well as develop educational tools on that basis. In the future the Neighbours – Witnesses database of interviews can be developed to cover a broader subject matter of intercultural contacts (e.g. the Roma and the Vietnamese neighbours in contemporary Poland).

7) Publication of a book entitled: The City of the Condemned. Two Years in the Warsaw Ghetto: The book commemorates the Holocaust period œuvre of Jerzy Jurandot. The publication is undertaken in connection with the upcoming 70th anniversary of the Warsaw Ghetto Uprising. The project will be undertaken in collaboration with the Polish Filmmakers Association (SFP). As a historical source, the planned publication will be invaluable for Warsaw ghetto research, particularly the research focusing on the cultural life flourishing behind the ghetto walls. It will include important memoirs and critical studies, which will constitute an important biographical, historical and cultural commentary on and supplement to the body of research of the Holocaust period.

8) Collections – Memorabilia – Donors: The project aims to develop educational programmes of the Museum of the History of Polish Jews that will allow children and young people to familiarise themselves with the Museum’s collections and to understand an important part of its mission being engaged in the collection of memorabilia relating to history and culture, and particularly the history and culture of Polish Jews, and preservation of Jewish heritage in Poland. The educational programmes will be based on stories of artefacts forming part of the Museum collection. Through these programmes children and young people will learn the stories of the most valuable gifts donated to the Museum within the framework of the long-running Memorabilia Collection Programme and meet the Donors of the Museum. Target audiences: Children aged 6-13; middle school students; secondary school students; adults with interest in this subject matter.

Programme Outcome: Cultural heritage made accessible to the public.
Project Outcome: To be determined.
Project Indicators: To be determined.

9. Miscellaneous
The allocation to the Programme according to the MOU is 60,000,000. However due to reallocation of funds in line with Article 5.3.5 of the Regulation on the implementation of the Norwegian Financial Mechanism 2009-2014, the budget has been raised by 10,000,000 and is therefore 70,000,000. The MoU will be amended accordingly. The allocation is contingent on positive screening by the European Commission.
