The project evaluation and award of grants shall be in accordance with Article 7.4 of the Regulation. The selection process will be conducted in line with the Guidelines on Best Practice on Project Selection Procedures.

The Programme Operator shall be responsible for the project evaluation and for the award of grants.

The Programme Operator shall carry out an initial administrative check that requires applicants only to submit a declaration on the compliance with the administrative criteria (i.e., no other documents will have to be submitted at this stage). The full administrative check (i.e., based on all requested documents such as annual reports, declarations, partnership statements) will only be performed on projects that have been selected by the Programme Operator. Rejected applicants should be informed of the reasons for the rejection and given a reasonable time to appeal.

The Programme Operator shall establish a Selection Committee that shall recommend the projects to be funded within the programme. The experts shall separately score the project according to the selection criteria published with the call for proposals. For the purposes of ranking the projects, the average of the scores awarded by the experts shall be used.

If the difference between the scores given by the two experts is more than 30% of the higher score, a third expert shall be commissioned by the Programme Operator to score the project independently. In such cases the average score of the two scores that were closest to each other shall be used for the ranking of the projects.

The Programme Operator shall provide the Selection Committee with a list of the ranked projects. The Selection Committee shall review the ranked list of projects. It may modify the ranking of projects in justified cases, e.g., because of new circumstances that could not be known and taken into account during project evaluation. The justification for the modifications shall be detailed in the minutes of the meeting of the Selection Committee. If such a modification results in a project’s rejection, the affected applicant shall be informed in writing about the justification for the modification. The Selection Committee shall submit the list of recommended projects to the Programme Operator.

The Programme Operator shall verify that the selection process has been conducted in accordance with the Regulation and that the recommendations from the Selection Committee comply with the rules and objectives of the programme, following such verification, the Programme Operator shall, based on the decision of the selection Committee, make a decision on which projects shall be supported.

The Programme Operator shall notify the applicants about the results of the selection process within a reasonable time and publicize the results.

Grants to projects from the programme may be up to 100% of total eligible expenditure of the project.

The project grant rate shall in all cases be set at a level that complies with the State Aid rules in force and takes into account any and all other forms of public support granted to projects. The remaining costs of the project shall be provided or obtained by the project promoter.
