   c. Set aside appropriate resources for the maintenance of the excepted equipment for at least 5 years following the completion of the project. The specific means for implementation of this obligation shall be specified in the project contract; provided however that the Programme Operator may release any Project Promoter from the above obligations with respect to any specifically identified excepted equipment where the Programme Operator is satisfied that, having regard to all relevant circumstances, continued use of that equipment for the overall objectives of the project would serve no useful economic purpose. The National Focal Point shall furthermore ensure that the Programme Operator keeps a list of the excepted equipment for each project.

2) The National Focal Point shall ensure that the Programme Operator ensures that Project Promoters:
   • Keep any buildings purchased, constructed, renovated or reconstructed under the project in their ownership for a period of at least 5 years following the completion of the project and continue to use such buildings for the benefit of the overall objectives of the project for the same period;
   • Keep any buildings purchased, constructed, renovated or reconstructed under the project properly insured against losses such as fire, theft and other normally insurable incidents both during project implementation and for at least 5 years following the completion of the project; and

The National Focal Point shall, by way of the programme implementation agreement, ensure that the Programme Operator maintains written records of all assessments concerning compliance with state aid rules, particularly decisions to award grants and set grant rates, and provides such records to the FMC upon request. The approval of the Programme by the FMC does not imply a positive assessment of such compliance.

5) A methodology on the calculation of the flat rate to be applied to indirect eligible costs (overheads) in accordance with Article 7.4.1(b) of the Regulation shall be submitted to the FMO no later than two weeks prior to the deadline for providing to the FMC the text of the call for proposals, as required by Article 6.3.4 of the Regulation.

6) The Grant Offer is subject to any comments or observations made by the European Commission in relation to the screening process.

7) At least 20% of the total eligible costs of the Programme shall target the improvement of the situation of the Roma population. The fulfillment of this condition shall be reported on, through the use of quantitative and qualitative data, inter alia, in the annual and final programme reports as well as a semi-annual report submitted six months from the submission date of the annual programme report.
