- 1) The National Focal Point shall ensure that any public support under this programme complies with the procedural and substantive State Aid rules applicable at the time when the public support is granted. The Focal Point shall, by way of the Programme Implementation Agreement, ensure that the Programme Operator maintains written records of all assessments concerning compliance with State Aid rules, particularly decisions to award grants and set grant rates, and provides such records to the NMFA upon request. The approval of the Programme by the NMFA does not imply a positive assessment of such compliance.
- 2) Bilateral output and outcome indicators shall be reported on in the annual programme report.
- 3) The National Focal Point shall ensure that the Programme Operator ensures that Project Promoters who have, in line with this Agreement, received an exception from the general rule in Article 7.3.1(c) of the Regulation with respect to any equipment (the

excepted equipment):

The specific means for implementation of this obligation shall be specified in the project contract; provided however that the Programme Operator may release any Project Promoter from the above obligations with respect to any specifically identified excepted equipment where the Programme Operator is satisfied that, having regard to all relevant circumstances, continued use of that equipment for the overall objectives of the project would serve no useful economic purpose. The National Focal Point shall furthermore ensure that the Programme Operator keeps a list of the excepted equipment for each project.

The National Focal Point shall, by way of the Programme Implementation Agreement, ensure that the Programme Operator maintains written records of all assessments concerning the organization of procurement procedures and compliance with procurement rules, and provides such records to the NMFA upon request. The approval of the Programme by the NMFA does not imply a positive assessment of such compliance. When competitive procurement procedures are applied, the National Focal Point shall ensure that the Programme Operator ensures that Project Promoters in their tender documents do not describe the object of the contract in a manner which could restrict fair competition, e.g. by reference to trade marks, patents or origin, unless such references are specifically authorized by law.
