**4.2 Selection procedures:**

The project evaluation and award of grants shall be in accordance with Article 7.4 of the Regulation.

The Programme Operator shall be responsible for project evaluation and for the award of grants.

The Programme Operator shall establish two Selection Committees (one per outcome) that shall recommend the projects to be funded under the calls of the relevant outcome.

The Selection Committee for outcome 1 shall consist of at least six persons possessing the relevant expertise. At least one of them shall be external to the Programme Operator and its Partners. RA, the FMC and the National Focal Point shall be invited to participate in the meetings of the Selection Committee as observers.

The Selection Committee for outcome 2 shall consist of at least three persons possessing the relevant expertise. At least one of them shall be external to the Programme Operator and its Partners. ACN, the
FMC and the National Focal Point shall be invited to participate in the meetings of the Selection Committee as observers.

The Programme Operator shall review the applications for compliance with administrative and eligibility criteria. Applicants whose applications are rejected at this stage shall be informed and given a reasonable time to appeal that decision.

Each application that meets the administrative and eligibility criteria shall be reviewed by two experts appointed by the Programme Operator. The experts shall be impartial and independent of the Programme Operator and the Selection Committee.

The experts shall separately score the project according to the selection criteria published with the call for proposals. For the purposes of ranking the projects, the average of the scores awarded by the experts shall be used.

If the difference between the scores given by the two experts is more than 30% of the higher score, a third expert shall be commissioned by the Programme Operator to score the project independently. In such cases the average score of the two closest scores shall be used for the ranking of the projects.

The Programme Operator shall provide the Selection Committee with a list of the ranked projects. The Selection Committee shall review the ranked list of projects. It may modify the ranking of the projects in justified cases. The justification for the modifications shall be detailed in the minutes of the meeting of the Selection Committee. If such a modification results in a project’s rejection, the affected applicant shall be informed in writing about the justification for the modification. The Selection Committee shall submit the list of recommended projects to the Programme Operator.

The Programme Operator shall verify that the selection process has been conducted in accordance with the Regulation and that the recommendations from the Selection Committee comply with the rules and objectives of the programme. Following such verification, the Programme Operator shall, based on the recommendation of the Selection Committee, make a decision on which projects shall be supported. Prior to making such decision, an on the spot visit may be carried out by the Programme Operator. If the Programme Operator modifies the decision of the Selection Committee or suggests modification of the project, it shall inform the applicants affected and provide them with a justification.

The Programme Operator shall notify the applicants about the results of the selection process within a reasonable time and publicise the results.
The process set out in this Article shall apply to all calls for proposals, including the SGS, under this programme.

4.3 Project grant rate:
Grants to projects from the programme may be up to 100% of total eligible expenditure of the project. In the case of projects where the project promoter is an NGO or a social partner, as defined in Article 1.6 of the Regulation, the project grant rate may be up to 90% of total eligible expenditure of the project. The project grant rate shall in all cases be set at a level that complies with the State Aid rules in force and takes into account any and all other forms of public support granted to projects. Any remaining costs of the project shall be provided or obtained by the project promoter.
